

*Harvestville Farm* has grown considerably over the years, thanks to all your continued support. We receive many requests from the community for donations and we strongly believe in supporting the requests of our friends, neighbors and customers.

*Harvestville Farm* is happy to consider all requests for donations to worthy causes. As the frequency and size of donation requests continue to increase, we make every effort to provide our support to charitable efforts in the community. Although we would like to donate to all the worthy organizations that ask for support, it is impossible for us to fulfill every request. Past support of an organization or event does not guarantee future support.

If you would like to request a donation from *Harvestville Farm*, please email or mail this form along with a formal letter of request on company or organization letterhead (if possible) at least two weeks prior to the event for consideration.
